Annual member letters:

Financial Report:

The current bank balance as of June 19th is \$5,668.46, with \$539.36 in checks outstanding (for website fees for 2019 & 2020, member letter mailing fees, and P.O. Box renewal). This is prior to any 2021 dues being collected/deposited.

The Board approved a 2021-2022 budget with some minor increases from last year's with expenses for website (\$150), post office box (\$120), and letter mailing (\$150), yearly HOA registration with the State of Colorado (\$10), with a potential addition of HOA Board insurance for the coming year (to be discussed at member's meeting). The current planned budget will be posted to our website before the member meeting on July 10.

Dues were set at \$15 per lot this year.

Discussion item – HOA Board Insurance

Based on other HOA's, we're expecting a cost of around \$2,500/year for association insurance. This cost is more than we currently collect from dues each year but is something we should have going forward. We can carry this for a few years with our current balance, but eventually, we'll have to do at least one of two things:

1. Collect on delinquent dues
2. Raise annual dues

Include as a discussion item for Member's Meeting.

Discussion item – Delinquent Dues

We collected dues from tend to collect dues from maybe 30% of the lots, and have only collected back dues in the past when a lot sells. Discussion around whether to take any action (for example, put a lien on delinquent properties) – but it was decided that between the low amount of dues to

collect, filing fees, and time- it doesn't make sense. As properties change hands, the title companies have been successful at collecting dues at time of sale. At this time, the decision is to continue accruing dues for a future property sale and collecting them at time of sale.

Discussion item – Architectural Review

The process seems to be working well, but not all owners are submitting for approval. Submission is easy with just a site plan with appropriate setbacks, one elevation to verify building height, and external materials and colors to ensure the buildings blend into the environment. Add to Member meeting agenda to remind owners to submit for approval when planning to build, and pointing them to documents available on website.

Discussion item – Director Openings

In the recent past, we have had four (4) Board Members serving at any given time. Right now, we have three due to a vacancy in 2020. We also have one board member completing her three year term (Lauren Grady). The covenants allow for 3-5 board members. During the annual meeting, we will take nominations for up to 3 board members, depending on interest.

Review of Annual Meeting Agenda:

A general membership meeting is planned for July 10th at 10am Mountain Time. Lauren will organize burgers/hot dogs for grilling and some beverages.
